EFFORT TO BE MADE FOR INDEPENDENT POSTOFFICE

Committee Recommends That Washington Be Asked to Abandon Present Branch Post-office for Village Delivery System

The Chamber of Commerce, at its last meeting, endorsed and accepted the report of the postoffice committee, which recommended that application be made to Washington for the establishment of the "Village Delivery System," and the abolition of the present plan of having the South San Francisco Postoffice a branch of San Francisco.

The "Village Delivery System," which is applicable to all postoffices having receipts of from eight to ten thousand dollars yearly, entitles that postoffice to its own postmaster, two carriers and four deliveries daily if the postmaster deems that number necessary.

The recommendation that a canvass of the city be made, and a petition signed by the people asking for the restoration of the postoffice, was approved by the Chamber.

It is the consensus of opinion of the majority of the thinking people that a grave mistake was made when San Francisco was permitted to take over the postoffice here. The belief seemed to be that there would be no radical change in the management or control of the postoffice, other than better service would be instituted by the placing of two carriers and the installation of a delivery system. When

the awakening came South San Francisco's postoffice was entirely under the jurisdiction of San Francisco and this city had been made a "station" of San Francisco.

W. H. Coffinberry, Dr. F. S. Dolley and D. E. Curley were the committee which made the recommendation for the Village Delivery System.

War Stamp Funds.

E. C. Peck, A. McSweeney and Judge E. E. Cunningham were appointed a committee to raise funds by private subscription to meet the expense of paying the salary of Miss Fourcans, who has been placed in charge of the collection of War Savings pledges. The office has been conducted with 100 per cent efficiency and pledges of monthly payments were quickly made.

F. A. Cunningham and City Attorney Coleberd advised the Chamber that the present "jitney" ordinance would be amended to make more accessible jitney services and freight transfer deliveries.

E. C. Peck and Dr. F. S. Dolley were appointed a committee to arrange for rooms and housing accommodations for the officials and employees of the new chemical industry which will locate here.

COUNTY CLERK NASH SHAKING WITH LEFT

HAS HAD A LOT OF LUCK, MOST OF IT BAD, IN ALL EXCEPT PILING UP VOTES.

The off hind digit on County Clerk Joseph H. Nash's right hand and the wrist leading thereto are encased in snowy bandages as a result of a slight accident in Burlingame Saturday, when he fell and sprained 'em both. Nash's political enemies are whispering that it is only a subterfuge on the part of the wily County Clerk to secure the sympathy and solid support of the recently enrolled nurses throughout the county. Be that as it may, he is doing his "glad handing" with the left one.

Nash states that in everything but piling up a substantial vote he has had a lot of bad luck during the campaign.

"First I was laid up with an abscess," he said, "then the gas tank of my machine sprang a leak—tough for a County Clerk to be without gas—and now I can't shake hands worth a wallop. Things certainly have been coming my way."

CITY CLERK WILL RESIGN IF ELECTED JUSTICE

South San Francisco, Cal.,
August 15, 1918.

To the Voters of First Township, San Mateo County—Ladies and Gentlemen: I wish to refute a rumor in circulation to the effect that I intend to retain the office of City Clerk of South San Francisco if elected Justice of the Peace, by saying if elected Justice of the Peace I will present my resignation to the Board of City Trustees.

Respectfully,

W. J. SMITH.

Mr. and Mrs. George Carey of Sacramento are visiting at the home of Mr. and Mrs. C. F. Schurk.

CANDIDATES SEEK FEMININE VOTES

COUNTY OFFICE ASPIRANTS VISIT MANY HOMES OF SOUTH SAN FRANCISCO THIS PAST WEEK.

Many of the candidates for county offices were visitors in South San Francisco this past week, considerable house-to-house work being done soliciting feminine support.

Three of the candidates for Sheriff—M. Sheehan, J. T. Casey and Don Funge—were circulating freely.

County Recorder Barg, who is a member of the South San Francisco Industrial Club; James V. Neuman, County Surveyor; Coroner Brooke, John W. Coats, Clark Rice, well known here and candidate for County Recorder, were also visitors.

Franklin K. Swart, District Attorney, who is conducting a quiet, successful campaign in this city; H. C. Tuchsen, aspirant for the Assessorship, and Fred W. Lippman, candidate for County Treasurer, paid their respects to the voters.

BOY LOSES CONTRACT AND MONEY IN ENVELOPE

The Welte boy, while on his way to the office of the Land Company with a contract and \$25, lost the envelope containing the money and papers. He did not miss them until after reaching the office of the Land Company. They are the property of the Welte family, 560 Baden avenue, who are offering a reward for their return.

MEMBERS OF M. E. CHURCH ASK FOR PASTOR'S RETURN

Members of the M. E. Church recently adopted a unanimous resolution, which was presented to Dr. White, requesting that the Rev. Mr. Stevens be returned to the charge in South San Francisco. The action was taken at the last quarterly conference.

NEW INDUSTRY TO LOCATE HERE

CHEMICAL WORKS SECURES SITE ADJOINING PLANT OF FULLER COMPANY.

Another industry has been secured for South San Francisco. Announcement of its having been located here was made by W. J. Martin at the Chamber of Commerce meeting on Tuesday night.

The enterprise, which is a chemical company, will immediately commence construction work on a site immediately adjoining the Fuller plant. Erection of the buildings will be rushed so as to have the plant, which will initially give employment to about thirty men, in operation in record time.

Eastern capital is interested in the company.

The acquisition of the chemical works means much to South San Francisco, as both now and for a long period following the war there will be a big market for its product.

CAL. IRON YARDS AMERICA'S FINEST

DESIGNED TO HANDLE AND PREPARE FIVE HUNDRED TONS OF SCRAP DAILY.

The California Iron Yards, covering nearly six acres of ground, is practically completed and stands to-day the most efficiently and economically managed scrap yard in the country. The equipment installed is designed to handle and prepare five hundred tons of scrap daily.

The equipment consists of a 150-ton Fairbanks track scale; a huge derrick for unloading heavy material; a large derrick for unloading and breaking cast iron; a Brown hoist electric locomotive crane for unloading scrap, and a Gantry crane of nearly 120-foot span for removing cut material from the shears to the prepared scrap space or for loading the outbound cars.

All material will be unloaded and loaded with Cutler-Hammer electromagnets. The inbound and outbound tracks will each accommodate fifteen standard railroad cars at a time. The tracks are sunken in a pit about eight feet in depth, so that the tops of gondola cars will be level with the yard ground surface, thus allowing the man who is loading or unloading material to easily see into the car.

The whole yard is to be operated with electricity supplied by the Pacific Gas and Electric Company, and wherever possible everything is designed for safety of operation.

Wm. H. McDaniel, President.

The work has been installed under the superintendence of Mr. Johnson, who is directing the South San Francisco affairs of the company.

William H. McDaniel, president and manager of the California Iron Yards, with general offices at 554 Bryant street, San Francisco, is recognized as one of the most successful scrap iron operators on the Pacific Coast. Notwithstanding the heavy demands made upon him by his San Francisco yard and the installation of the new plant here. McDaniel is one of the most active war workers of the bay district. He has given very freely of his time to the Red Cross Society. McDaniel is a member of the Industrial Club of this city.

FRANKLIN ROBINSON WOUNDED IN FRANCE

NO OFFICIAL FOUNDATION FOR RUMOR OF HIS DEATH; WAS BORN IN THIS CITY.

News has been received here by the parents of Franklin Robinson that the well-known son of South San Francisco has been seriously wounded in France.

Robinson left with a San Mateo contingent on September 19, and reports of his being in the front-line trenches, going "over the top" and participating in the attacks which are forcing the Hun back to Berlin, have been received here from time to time.

Franklin Robinson was a native-born South San Franciscan, and previous to entering the service was a pharmacist in the employ of H. Cava.

Two telegrams have been received by his parents, who reside at 314 Baden avenue, from the War Department. The first telegram stated that he had been wounded, "degree unknown," and this was followed by a later wire advising that he was seriously wounded. The rumor of his death, which has been circulating freely, is unsupported by any official advices from the War Department.

Robinson has been in France since last May, serving with the Forty-seventh Infantry.

South San Francisco's citizens are swelling with pride at the record of Franklin Robinson and those others who have responded with him to their country's call.

He has been an honor in civil and military life to the parents who bore him and the city of his birth.

FIERCE FIRE DESTROYS BARNS

SPECTACULAR BLAZE AT SPINELLI RANCH ON TUESDAY DRAWS MANY TO SCENE.

A fierce fire destroyed the barns, windmills and water tank at the Spinnelli ranch at the extreme end of Grand avenue on Tuesday afternoon.

When the fire department arrived on the scene, the flames had licked their way to the front fence of the house, but this blaze was promptly extinguished by means of the chemical apparatus.

The fire department, which was seriously handicapped by the absence of fire hydrants in this section, made no effort to extinguish the blaze, which was fanned by a brisk wind.

The fire attracted many people to the scene, and as the flames ate their way through the tower supporting the water tank, speculation ran high as to the danger of the tank and burning structure toppling over upon the Spinnelli home. When it collapsed it fell in the opposite direction and toppled with a crash into the ruins of the barn which had burned to the ground.

A considerable quantity of hay and some livestock were destroyed in the fire, which caused considerable loss.

According to reports, the blaze was started by a sleeping man dropping a lighted cigarette on the floor. No one was injured.

CONVOYED FIRST U. S. TROOPS OVER SEAS

WM. LUCCHESI IN CITY FOLLOWING YEAR'S SERVICE ON COAST OF FRANCE; HELPED SINK "SUB."

William Lucchesi, South San Francisco boy, who served on the United States destroyer Truxton, which convoyed the first American troops to France, is here and will remain until September 2.

Lucchesi has a host of friends among the young people of this city, where he attended school.

Lucchesi is diffident about speaking of his experiences while in the service. He believes that he saw one Hun "sub" destroyed, and relates vividly the methods of the destroyers in running down the undersea boats and destroying them by depth bombs.

Lucchesi likes France, but most of all he likes the naval service. Although his term has expired, he has re-enlisted. He left for France in May, 1917, and has been doing duty on the Truxton along the French coast up to the time of his return.

JOHN HARPER KILLED AT BADEN CROSSING

John R. Harper, a poultryman who had been employed at the Baden Stock Farm, died as a result of injuries sustained on Sunday night when struck by a street car at Baden crossing.

An inspector of the street car company took the injured man to the Emergency Hospital at San Francisco, where his niece was notified.

He died a few moments after she had reached his bedside.

Alan L. Roddick, who lived here for some time, spent a day visiting his sister, Mrs. J. E. Sullivan.

SAN BRUNO NOTES**OPEN HOUSE.**

The Epworth League of San Bruno M. E. Church will hold "open house" Wednesday evening, August 21, at 7:45 o'clock, and invites both old and young to come and get acquainted with the league and its members.

James K. Stinchcomb, field secretary of the California and Pacific Conference Epworth Leagues, will be there. That means lots of fun and a good time for all.

MRS. MAGNUSON BURIED.

The funeral of the late Mrs. Magnuson was held last Monday from Anderson's undertaking parlors. The women of the Order of Woodcraft and many friends from San Bruno attended the services. At her request, Mrs. Magnuson was buried with her own church service, the Swedish Lutheran. The minister spoke from the text: "Let me die the death of a Christian, let my last end be like his." The soloist from the Lutheran choir sang very beautifully in Swedish, "Lead, Kindly Light," "We Shall Meet Beyond the River" and "Nearer, My God, to Thee." Burial was in Mount Olivet Cemetery.

Mr. Bevalockway and family of Lomita Park spent last Saturday and Sunday camping at Capitol.

Little Robert and Russell Cunningham enjoyed a birthday party last Tuesday, the occasion of their third birthday.

J. Andra of First Addition is in the hospital, following an injury to his foot.

The Woodman whist party held Thursday night was well patronized. Miss Viola Ellsworth was pianist for the evening and sang several numbers.

Mrs. H. Spalding and family spent Tuesday at Neptune Beach.

Bernice Cunningham is spending the week with her aunt in the city.

Mrs. J. Reynolds of Lomita Park was ill the early part of the week, but has about recovered.

Mrs. James Beckner and daughter, Gladys, have returned from Los Gatos.

Some of the young people of San Bruno are planning an auto trip to La Honda, September 9.

Elizabeth Bolliger was a patient at the Red Cross Hospital last Friday, while having her tonsils removed.

Airedale dog, left by mistake with Mrs. Zanette, can be had by owner at Zanette home, Lomita Park. 1t

BEARS WIN!

(By T. A. B.)

The Bears continued their winning streak against the Hamilton Night Owls, Lauchere winning his game 8 to 0, allowing the "Owls" only four hits and striking out ten.

The hitting of Frank Silva was again not able. The fielding and throwing of Guisto Scampini was the best of the season. Guisto cut down three runners at second base by good throwing.

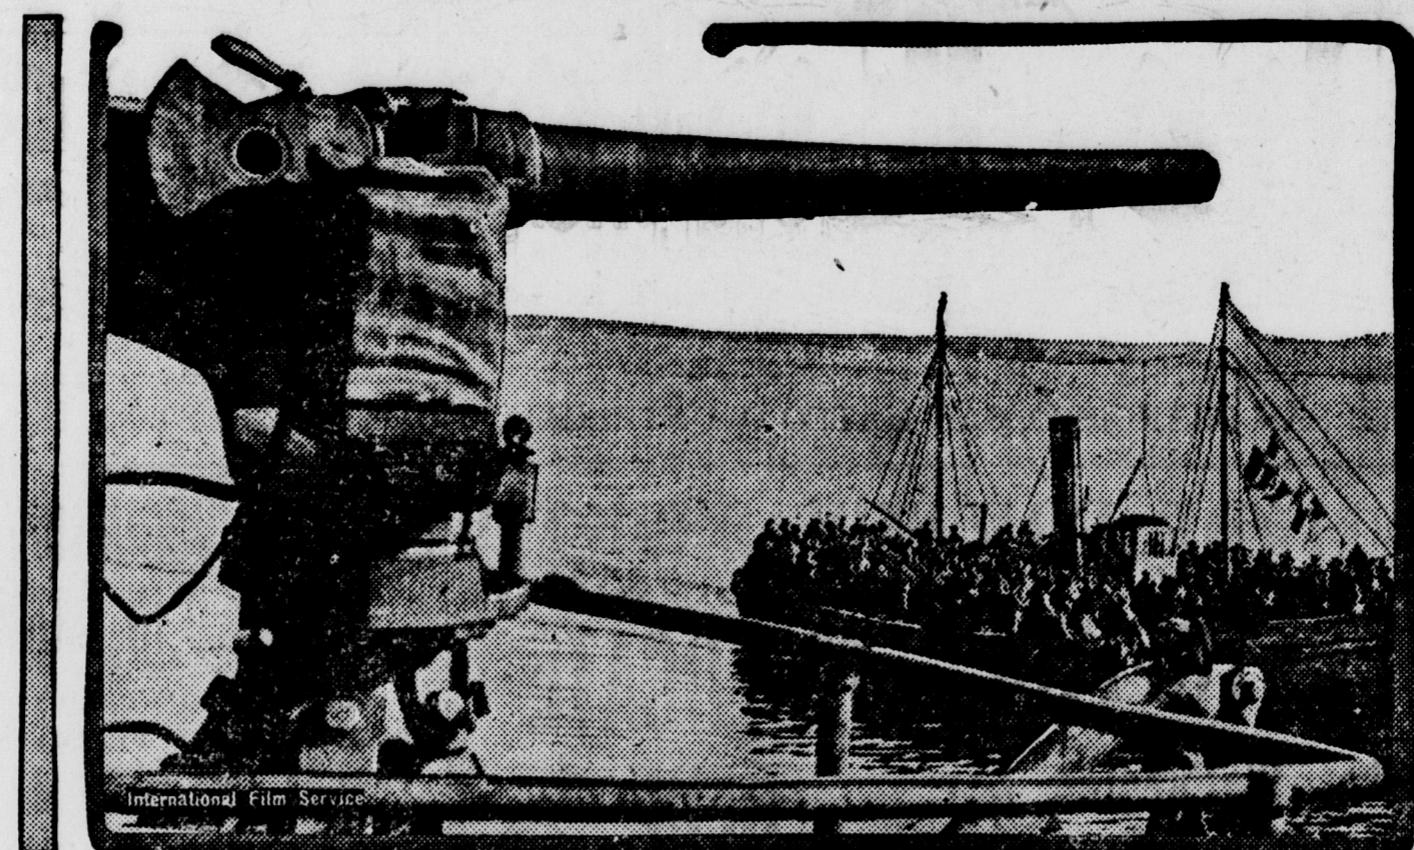

Jimmy Smith walked off the B "sub" with a young lady's suit case, the gender being found after a minute inspection.

Next Sunday will be the last appearance of Jimmy Smith, Byrne McSweeney and Al Becker with the Bears this season. They will be sorely missed by the team and club.

Joe Mahoney has been appointed field captain, to take the place of Al Becker.

If you want to see the last game in which these fast-coming stars will play until after the war, go down to the local diamond next Sunday morning at 10:30.

The Hun diplomats have the eternal effrontry to suggest that the fate of Belgium be settled around the conference-table. You're late, Heinie. Belgium's fate was settled when America entered the war.

AMERICAN TROOPS LANDING IN A FRENCH PORT

This photograph shows one of the boats of a transport loaded with American troops landing in a French harbor under the protecting guns of an American battleship.

One reason why the colored soldiers now in France want to hurry up and whip the Germans and get back home is that there are no watermelons in France.

The French say the only trouble they have with Americans is to hold them back. Odd. That's same trouble the Huns are complaining of.

German commanders in France are complaining that their own men in the rear are pillaging supply-trains destined to the front, which shows what habit and training will do.

Uncanny Figures

The great question as to when the war will end has at last been solved, this time by an unknown "seer" who has sent a letter to Assistant Paymaster J. D. Doyle of the Great Lakes Naval Training Station, near Chicago, inclosing a table of figures based on the date of birth, first year of leadership, present age and length of office of eight leaders of the principal allies.

The informant is positive the war will end this year. He points out that the total for each leader is 3836, which, divided by 2, gives 1918.

Here are the uncanny figures, as published by the Great Lakes Bulletin:

ONLY THE SKILLED EMPLOYEES EXEMPT

OFFICIALS OF SHIPYARDS TO DETERMINE WHETHER EMPLOYEES ARE ABSOLUTELY ESSENTIAL

Every employee of the United States Emergency Fleet Corporation who has been placed in deferred army draft classifications may have his classification altered as the result of a recent order of the fleet corporation officers.

Hereafter the corporation officials will determine whether the employees working in the various shipyards of the company are absolutely essential to the building of ships, or whether they can be of more service to the country in the army.

Orders have been issued by Vice-President Howard Coonley of the fleet corporation to this effect, and in explaining the orders Mr. Coonley said:

"The officers of the United States Shipping Board Emergency Fleet Corporation feel that they should ask for exemption for those individuals only who have special experience and ability which makes them essential to the successful carrying out of the shipbuilding program. It is, therefore, his patriotic duty to be governed by our judgment in the matter. In cases other than these it is felt that the greatest national good can be rendered by entering the military service.

AMERICAN MARINES DISTINGUISH THEMSELVES IN FRANCE

With great satisfaction the American public has read of the valorous conduct of the United States marines in the fighting in France. A large detachment of the men of the corps is here shown on its way to the fighting front.

STEAMSHIP PRATT, TORPEDOED BY SUBMARINE, MAY BE SALVAGED

The steamship Herbert L. Pratt was torpedoed off Cape Henlopen, southeast of Lewes, Del., by a submarine raider. The boat was about a mile off shore when hit by the torpedo, but managed to keep afloat and make her way to shore. The boat lies in but seven fathoms of water, her stern high in the air. A navy tug is on the scene and there are hopes that the boat will be salvaged.

"When the United States Shipping Board Emergency Fleet Corporation seeks 'Emergency Fleet listing' deferred classification in draft, or delay in induction into military service, it is to be clearly understood that such request will be confined to cases where the qualifications of and services which are being rendered by the draftees are, from the national viewpoint, more essential for ship production than for military service."

In the meantime, Germany needn't take the trouble to proceed with any more peace terms. We'll attend to that, too.

FRANK L. EKSWARD DESERVES SUPPORT

ASSEMBLYMAN FROM THIS DISTRICT ENTITLED TO RE-ELECTION ON HIS RECORD.

Assemblyman Frank L. Eksward is entitled to the support of the voters of San Mateo county in his campaign for re-election as representative of this district in the State Legislature. His work at the last session was productive of excellent results to the county and he is better qualified to carry on the good work he has started than any new man could possibly be. Eksward is thoroughly familiar with every section of the county and has devoted the past ten years of his life to development work in this district. This experience has made him the logical man to represent San Mateo county at Sacramento, and his splendid work at the last session proves his value to this district beyond the possibility of a doubt. Eksward led the successful fight to place the constitutional amendment on the November ballot which guarantees San Mateo county home rule in local affairs in the event of annexation with San Francisco. He also is the author of the partial tax redemption bill which has enabled over 700 small property owners in San Mateo county alone to redeem their lots and gain a clear title to them since the passage of the bill at the last session of the Legislature. This was the last bill signed by the Governor at this session and it was only by Eksward's vigilance that it did not hang over to the next session. Eksward accomplished many other things for his district which have proven of great benefit to the people of the county, and it is only fair to him that the voters show their appreciation of his excellent work for them by returning him to office on August 27 with a flattering majority.

An "X" after Eksward is a boost for the county. Its prosperity is your prosperity. Vote for Eksward, the man who can help you most.

PRES. WILSON WILL MAKE COAST TRIP

IF THE WEST WANTS HIM, CHIEF EXECUTIVE WILL TOUR CALIFORNIA.

President Woodrow Wilson is expected to make the trip to the Pacific Coast during the fourth Liberty Loan campaign, which opens September 28 and closes October 19. Allen L. Chickering, director of the speakers' bureau for this district, has just returned from Washington, where he made the proposal, and he is confident that if the President is made to understand that the West wants him and that he can render great service for the loan, the President will come.

Two "Liberty Loan Specials" will tour this district from the opening to the closing day as a feature of the campaign. Each train will carry battlefield trophies captured by the Americans on the Aisne-Marne front, and General Pershing is now making the selection to be shipped immediately. The trains will be made up of a baggage car, tourist sleeper and two flat cars to carry the large trophies.

American heroes, now in hospitals as the result of recent fighting, will bear the brunt of the speaking campaign in this district. Twenty-five of these soldiers have been assigned to this district. Many speakers of national prominence will assist, among them Lieutenant Vincent de Wierwicki of the French High Commission.

Automobile tours will be made to reach the communities not touched by the railroad lines. American soldiers will be assigned to these trips.

Packets containing socks, soap, cigarettes, handkerchiefs, combs, mirrors, writing materials and chocolates were recently distributed to 7000 soldiers in Italy by the American Red Cross rolling canteens. Similar packets will be distributed to over 40,000 additional troops. Italian soldiers are most appreciative of this interest in their comfort by the Red Cross and declare such treatment kindles their fighting spirit.

FRIDAY, AUGUST 16, 1918.

Why Change?

President Wilson, in a recent address, said, "I have found that the particular thing you have to surrender to is facts," and it seems to be a well-established fact in the minds of the voters who have said repeatedly and in many places that the incumbents have, in practically every case, given satisfaction in the conduct of their offices.

Everything indicates that it is clearly the disposition of the voters to make fewer changes in the county offices this coming election than ever before, and personal attacks and political propaganda have had a minimum of effectiveness in influencing the minds or sentiment of the electors.

To the credit of the majority of the incumbents' opponents, they speak in frank praise of the men in office, and the incumbents are just as free in courteous expression and good will for their opponents.

We are not playing politics, catering to "political rings," or following the devious paths which lead to political and financial preferment. We would be equally as ready with condemnation if truth justified, but the records of the county officers stand for their ability.

Putting all other things aside, why not keep in office those men who have demonstrated their fitness for them, and performed their duty as they pledged they would when elected to office?

They understand those duties and can be relied upon to fulfill them. Why put other men into county offices when there are good men there already?

There are enough changes in these war times without making unnecessary disruptions in the conduct of county affairs. This applies particularly to the more important offices of the county. Michael Sheehan has made a good Sheriff; Franklin K. Swart, District Attorney, by the conduct of his office has gained the full approval of the rank and file of voters who have no outside or private interests to serve; Dr. Brooke has proven himself a capable Coroner; County Clerk Jos. H. Nash is unquestionably efficient, and his conduct of the office entitles him to re-election at this time; P. P. Chamberlain, County Treasurer, has repeatedly demonstrated his ability to ably conduct, with unquestioned integrity and efficiency, the important office which he fills. Ambrose McSweeney, Tax Collector, and Roy W. Cloud, Superintendent of Schools, have so gained the confidence of the voters and taxpayers that they will be returned without opposition.

While in the campaign there are many good men running against those now in office, no serious criticism has been made by them of the conducting of the offices to which they are aspiring. The people are satisfied. "Politics is adjourned." It is inadvisable to "Cross horses in the middle of a stream." Why change?

If you keep a thing long enough it comes to its use at last. In the armorers' workshop of the Metropolitan Museum of New York the ancient hammers and anvils of medieval times are being used to beat out helmets and breastplates for the American army overseas. Among the ancient tools are several hundred different types of hammers, curious shears and instruments the very names and uses of which are now unknown.

If you were an American soldier coming cold and wet and tired from the front-line trenches, wouldn't it delight you to find Salvation Army lasses frying fresh doughnuts and making hot coffee for you? When you "loosen up" for the Salvation Army drive you help provide these comforts for the boys in France.

Mrs. Woodrow Wilson christened the Quistconck, the first ship launched from the Hog Island shipyards. She must have done so with some inner dubitation unless she had been previously informed "What is a Quistconck?" or "Where is Quistconck?"

Lightless nights are on deck again and the Great White Way is disconcerted. But we have not heard that Uncle Sam has placed any restriction on the light of the moon, and that was good enough for our forefathers.

When our boys come home they will be well up in the geography of France. If they are asked to name four French rivers it will not take them long to enumerate the Marne, the Aisne, the Ourcq and the Vesle.

The kaiser didn't raise his eldest boy to be a soldier—only to command an army. There is a difference.

The name of the river Ourcq is suggestive of seasickness. It is hoped that both name and river are making the Germans sick.

The Salvation Army drive is scheduled next. Keep your pocketbook handy.

PUBLIC SHOULD SEE GREAT WAR FILM

"PERSHING'S CRUSADERS," TO BE SHOWN AT ROYAL, OWNED BY U. S. GOVERNMENT.

The State Council of Defense, through its publicity director, M. J. Cohen, is appealing to every loyal citizen to witness the film, "Pershing's Crusaders," which Manager Eschelbach will offer at the Royal Theatre, August 22 and 23.

W. H. Dinning, president of the Chamber of Commerce, is in receipt of the following communication, which is self-explanatory:

August 15, 1918.

Mr. W. H. Dinning, President Chamber of Commerce, South San Francisco, Cal.—Dear Sir: We have just concluded arrangements with the Royal Theatre in your city, Mr. Eschelbach, to present the United States official war film, entitled "Pershing's Crusaders," for two days, August 22 and 23.

This feature production was produced and is owned by the Government. There are no private interests involved and the entire rental paid for this production, less the percentage paid us for the actual handling of same, therefore, goes to the United States Government.

As it is most desirable that this picture of the activities of our boys in khaki "over there" and over here be seen by as many people as possible,

we will greatly appreciate whatever unusual publicity or co-operation you will give its presentation.

The aim of this picture is to hit the Hun propaganda in the solar plexus. We hope that you will do your best to help us land this punch.

The picture is being exhibited throughout the State of California under and by authority of the State Council of Defense.

Thanking you in advance for any courtesy or co-operation you may show to Mr. Eschelbach during and prior to this exhibition, I am, with best wishes,

Very truly yours,
M. J. COHEN,
Director of Publicity Division, U. S.
Official War Films.

Ye Towne Gossip

By B. V. D.

(With Apologies to K. C. B.)

Thursday afternoon

At Baden Stock Farm,

"Brownie" was telling

About the most gentle

Hive of bees

He had ever owned.

He showed them to me,

Or me to them,

Whichever it was;

I had a feeling

That any place else

Than where I was

Would be much better.

I told "Brownie"

I had never craved

The company of bees.

He only laughed

And tried to dig out

A comb of honey

With a screwdriver.

That was when

I got my lesson

In how impulsive

Bees could be.

They came

Over the top,

And swarmed joyfully

All over Brownie,

Who started for Mexico;

And being polite

I followed my host;

So did the bees

Who weren't with us.

One of them landed

Just above

My Adam's apple.

When Brownie came

Out of the barn

To which he ran,

He was playing

"She loves me,"

"She loves me not,"

With the bee stingers

In his hands.

And after this

When I'm studying

Former Burlingame Mayor Endorses Wm. J. Smith

G. J. McGregor, former Mayor of Burlingame and a long-time resident of the county, has given William J. Smith, present City Clerk of South San Francisco, who is a candidate for the office of Justice of the Peace of the First Township, his cordial support.

Smith has pledged himself to resign his office as City Clerk if elected to the Justiceship.

Following is the letter of Mr. McGregor:

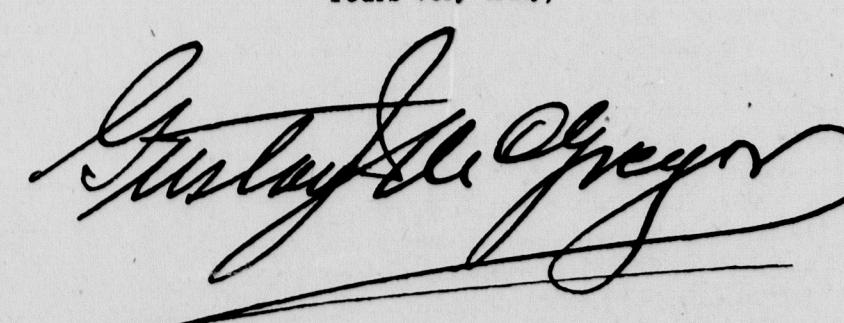

TO WHOM IT MAY CONCERN.

It is a pleasure that I am accorded the opportunity of presenting Mr. William Smith, candidate for Justice of the Peace for the First Township, San Mateo county, for your support and election. Mr. Smith at present is City Clerk of South San Francisco, which office he has held for the past ten years, to the credit of himself as well as those for whom he served.

When he is elected to the office of Justice of the Peace we can rest assured that the same efficiency will be displayed.

"The Proper Man in the Proper Place."

Yours very truly,

ACTIVITIES OF THE RED CROSS WORKERS

NOTES OF THE ORGANIZATION OF MERCY GLEANED FROM HERE AND "OVER THERE."

Mrs. E. C. Peck, Mrs. Brady Wolfe and Mrs. W. H. Coffinberry were the delegates of the South San Francisco Auxiliary of the American Red Cross Society to the Institute of Salvage and Shops, held at San Jose on Thursday.

Seventy-six delegates from the Pacific division attended the convention luncheon at the Montgomery Hotel. The delegates convened at the Chamber of Commerce of San Jose.

Exhibits of useful articles made from cast-off garments were shown from all sections. A concrete answer to the question raised, "What can a small town do with a Red Cross Shop?" was given in the excellent records of the South San Francisco shop, which has made a profit of \$961, with expenditures of but \$15.

A. B. C. Dohrmann, general director of the Pacific division of the Red Cross, made the statement in his address that if each person in America would save 10 cents' worth of tin foil monthly, the proceeds from its sales would aggregate \$125,000,000 yearly.

William H. Popert, associate director of the Bureau of Salvage of the Pacific division, accompanied by Miss Booth, a director of the salvage work, spent several hours in South San Francisco on Tuesday.

In one morning at a hospital in France, the American Red Cross bathhouse accommodated 350 men who had received first aid in the field and been sent to the hospital for treatment. Red Cross men presented each soldier with a comfort bag as he left the bathhouse and the hospital corps served them with hot coffee and soup.

The American Red Cross is assisting a Paris organization known as the Union des Familles to promote gardening among delicate children. The kiddies are allowed to plant small vegetable gardens on the fortifications of the city and the Red Cross permits the use of a barracks for a shelter and rest room.

For Sale—Two modern five-room houses on 25-foot lots; \$2250 each, part cash. Apply J. Eikerenkotter, candy shop, Grand avenue.

For Sale—A six-room bungalow, one and one-half miles from South San Francisco; lot 50x100; lawn, flowers, bearing fruit trees, berries, outhouses, garage, rabbit pens. For further information inquire 515 New Call building, San Francisco. 8-9-3t

Found—Pointer dog, brown and white spotted; has been at my home for some time. Owner can have same by proving property and paying charges to George Washington, Visitation Valley. 8-9-4t

Dr. and Mrs. Moodie and children, who have been visiting Mrs. Moodie's parents, Mr. and Mrs. Constable, are enjoying a motor trip to Tahoe and Yosemite. Miss Constable is spending her vacation with them.

Mrs. A. A. Whitten is expected home on Saturday. Mrs. Whitten has been in attendance at the bedside of her sister in Fresno for the past nine weeks.

JOLLY PARTY AT BEACH ENJOY OUTING THURSDAY

Thursday's sunshine and calmness drew a number of local people to our beach for a delightful day. The party consisted of the following: Mrs. Dotson and family, Mrs. Holbrook and daughter, Mrs. Shellach, Miss H. Dunbaugh, H. Hynding, Mrs. Carmody and family, Mrs. F. W. Brown and family, F. Murry, F. Duffy, the Hickey boys,

Kaiser Bill should sit down at once and eat his goose. It has been cooked for some time.

GOV. SAVEGUARDS WOMEN AND CHILDREN

IMPORTANT SOCIAL LEGISLATION HAS RECEIVED SUPPORT OF STATE'S CHIEF EXECUTIVE.

A significant development among American army officers in the present war is their great concern about protecting men in camp from the vultures of vice. The army men got immediate response and co-operation from Governor Stephens. He created the Military Welfare Commission, provided it with funds from the war emergency appropriation, and then demanded of local authorities throughout the State that they give their assistance.

"Mothers and fathers are giving up their sons to the war," said Governor Stephens, "and it is the imperative duty of all governmental agencies to see to it that the boys are returned as sound physically and morally as when they were taken for service for their country."

The clean-up that followed and the good work that has been done is well known to every citizen.

Safeguarding the welfare of the women and children who must toil is the work of the Industrial Welfare Commission. What it has accomplished is one of the brightest pages in California's governmental history. Not only have conditions been greatly improved for the workers, but employers now frankly concede that the activities of this agency have been of great aid to them. One of the best friends of this governmental endeavor is Governor Stephens, who has taken a keen interest and lent important aid in carrying on the work.

The most important steps in California's penological advance were taken by Governor Stephens in the enactment of the prison segregation measure and the inauguration of the indeterminate sentence. Definite results already are manifest. The professional criminal element shows a tendency to give California a wide berth because of fear of the maximum penalty. Segregation is one of those vital factors in prison management in which California has been laggard.

The great menace of popular government is special privilege. In the year and a half he has occupied the executive chair Governor Stephens has proved himself resolute and unyielding toward all the powerful interests that ceaselessly strive to gain profit through governmental favor. No critic of the Governor's has ventured to point to one instance of where he has given advantage to any corporate or special interest.

REV. MR. WALLACE TO LECTURE ON JAPAN

At Grace Church on Sunday morning next at 11 o'clock the Rev. Dr. Wallace will give an address on Japan, with special reference to Christian work and civilization as affecting the Orient. A cordial invitation is extended to the public.

CHURCH NOTICE.

At the regular services of St. Paul's Methodist Episcopal Church, Sunday, August 18, the pastor will preach on the following theme:

11 a. m., "The Hiding of Self—Andrew."

8 p. m., gospel service under direction of James Stinchcomb.

Bible school at 10 a. m. Lesson on "Working in the Church."

Epworth League service at 7 p. m. The service will be conducted by James K. Stinchcomb, field secretary of California Conference Epworth Leagues. A number of San Francisco leaguers will be present.

You are cordially invited to attend these services.

The Kaiser's giving General Hell to his troops on the western front looks like a rather tardy effort to compete with the allies.

REDWOOD CITY PAYS HOMAGE TO LIEUT. KNOX

One of the most impressive funeral ceremonies ever held in San Mateo county took place Tuesday afternoon, when Redwood City paid solemn homage to the memory of Lieutenant Merton H. Knox, the first of its sons to lay down his life in the service of his country.

Lieutenant Knox, who was 23 years old, was killed in an airplane fall last Thursday at Kelly Field, where he had been appointed an instructor in aviation after a long course of training. He was the only son of Mr. and Mrs. M. J. Knox of Redwood City and brother of Miss Thelma Knox.

While the funeral was being held Tuesday afternoon all the stores and places of business in Redwood City were closed and the court house flag was flown at half-mast in respect to the memory of the young patriot.

MRS. FISK IN COLLISION.

Mrs. P. B. Fisk, wife of a Burlingame bus driver, a resident of Easton, narrowly escaped serious injury Saturday evening on the State highway in Burlingame, when an automobile driven by J. O'Keefe, hay and grain merchant of San Francisco and resident of San Mateo Park, collided with the car in which Mrs. Fisk was riding with Cloise Daniels, a Camp Fremont soldier.

GOVERNOR STEPHENS'S GUEST OF MASONIC LODGE SATURDAY

Governor William D. Stephens was the guest of honor Saturday night at one of the largest and most successful meetings ever held by the Burlingame Masonic lodge. About 200 members of the order from different parts of the peninsula were present, and Dr. A. J. Belton, master of the lodge, presided. The speakers were Governor Stephens, A. S. Johnston of San Francisco, the Rev. William A. Brewer, J. E. McCurdy of San Mateo and Dr. E. B. Lytle.

"We retired from south of the Marne unnoticed," says the official German statement, by way of assurance to the people at home. The allies noticed about forty thousand of them.

ROBERT MILLER HELD RESPONSIBLE FOR DEATH

A coroner's jury sitting at George W. Sneider's undertaking parlors Monday decided that the death of Captain Ross Padgett, who died last Saturday from injuries received in an automobile collision on the State highway, July 27, was due to the careless driving of his friend, Robert Watt Miller, son of C. O. G. Miller, the San Francisco banker.

CHILD FALLS FROM WINDOW OF RED CROSS WORKSHOP

Master Billy Bain, five-year-old son of Mr. and Mrs. William Bain of Hayward Park, San Mateo, met with a serious accident Tuesday afternoon when he fell from the second-story window of the Red Cross workshop to the garden below.

L. P. BEHRENS AGAIN AT HEAD OF LIBERTY DRIVE

Charles R. Blyth, chairman of the Northern California Liberty Loan committee, announced the names of the county chairmen for the fourth Liberty Loan drive Tuesday night. L. P. Behrens, the Redwood City banker, who headed the third drive in this county, will have charge of the fourth drive.

MIKE BROWN RECOVERS STOLEN CAR, BERESFORD

Traffic Officer Michael F. Brown of San Mateo Tuesday recovered an Overland automobile in Beresford, on a side road where it had remained all night, and brought it to a San Mateo garage pending an investigation into its ownership by the local and San Francisco authorities. It bore the license plate number 441,322. Several other license plates were found under the seats, and Brown is of the opinion that the car was stolen by a ring of auto robbers.

DALY CITY OPENS SCHOOLS WITH PATRIOTIC NAMES

The General Pershing and the Woodrow Wilson schools of Daly City opened their doors Monday for the beginning of the school term. They have just been completed and are modern in every way, according to the Daly City school trustees.

In the corridor of the Woodrow Wilson school hangs a framed letter from the President, expressing his pleasure and gratification that the citizens of Daly City saw fit to name the school in his honor.

RED CROSS SEEKS ADDRESS OF FORMER S. M. GARDENER

Any one knowing the address or having any knowledge of the location of Hans Stremmel, formerly a gardener in San Mateo, will kindly notify Mrs. W. G. Hitchcock of the San Mateo county Red Cross. Mrs. Hitchcock has received a communication from Washington containing a message from his people which she would like to deliver.

B. D. WEEKS OF LA HONDA HAS SECOND LEG AMPUTATED

B. D. Weeks, well-known rancher of La Honda and father of Percy Weeks, owner of Woodruff Inn, had his left leg amputated below the knee at the Peninsula Hospital in Palo Alto last Thursday. Some few months ago Mr. Weeks suffered the loss of his right leg. He had been troubled with hardening of the arteries lately, and, gangrene setting in, it was decided that the amputation would be necessary to save the patient's life. Owing to his advanced age, Mr. Weeks' condition is considered quite serious.

MARRIED 27 YEARS, HUSBAND GETS DIVORCE IN REDWOOD

Judge Buck last week granted an interlocutory decree of divorce to Amura Francis Kent from Della Kent on the grounds of desertion. The couple were married at Santa Cruz, October 15, 1891.

THE BATTLE OF THE RIVET.

The Kaiser waked one morning from a brief and troubled dream, He thought that somewhere in the West he heard an Eagle scream. He called his captains to him and he said, "What's this I hear? I do not mind the groans of men or woman's bitter tear, But there's a new and threatening sound across the waters green That makes me shake and shiver like the Banshee's fearful keen; I see long troops of men in brown a-walking o'er my grave Whene'er I hear that rattling sound a-rippling o'er the wave."

Von Hindenburg looked sour and glum, Von Ludendorf looked grave, For well they knew those sounds resound to ocean's farthest cave.

"All Highest, I regret to state," Von Hindenburg began, "If on this drive we don't arrive, I'm sure we never can.

That horrid sound we also hear, it's getting on our nerves, As to the front we're hurrying our very last reserves.

We called our foemen 'Schweinhund,' we called them 'pig' and 'dog'— All Highest, dear, those sounds you hear are from an isle called 'Hog.'

"It's the rattle of the rivet, it's the clash of iron and steel; Before one ship is off the ways they start another keel. We hear that crashing, driving sound above the battle's din And every rivet that they drive is helping them to win. They have ships upon the ocean, they have ships just leaving shore, And every rattling rivet tells they're building more and more. It's the rattling, battling rivets that have stayed our last advance— All Highest—it's those rivets that will drive us out of France!"

WHEN THE CENSOR SLEEPETH.

Is it any wonder print-paper is scarce? A large city "daily" takes up an entire half page with a picture of a young man and young woman embracing, with the following printed beneath it: "I will never love another man," said Theodora, "and then their lips met for one last kiss, in which it seemed they exchanged their very souls." O censor, where is thy club?

"The Fair Barbarian" to Be Shown at Royal Theatre Tuesday Evening

As Octavia, an American girl who is stranded in a small English town with a very prim and somewhat snobbish maiden aunt, Vivian Martin, in her newest Paramount picture, "The Fair Barbarian," makes a winsome heroine. Allowing the natives to believe her to be "one of those title-hunting" American girls, or rather, not caring what they believe, she engineers several romances to successful closes, not excepting her own, and eventually wins the affection of every one. "The Fair Barbarian" was

directed by Robert Thornby. The scenario by Edith Kennedy is an adaptation of one of Frances Hodgson Burnett's most popular stories. It will be remembered that "The Little Princess," by the same author, was one of Mary Pickford's most recent and popular successes. The cast of "The Fair Barbarian" is especially good, including Helen Eddy, Jane Wolff, Charles Gerrard, Douglas McLean and others. Manager Eschelbach of the Royal Theatre will show "The Fair Barbarian" at his theatre on Tuesday.

CALIFENE

It will make your friends wonder how you get that nice, rich, savory crust they somehow cannot bake. Be generous. Give them the secret. Tell them about Califene, the new shortening that makes every baking day cheerful. Be sure they remember the name Califene, made in South San Francisco and sold everywhere in California.

DAMAGED DOCUMENT

DUPPLICITY AND DIPLOMACY. x
Long ago Germany had planned to drop Italy out of the Triple Alliance and was working to adopt Turkey as its partner in crime. Before the change could be made, Italy saw the trick and attacked the Turks, safe from German interference, and defeated them. The German plans were upset and the alliance with Turkey put back many years. In the meantime, with its usual duplicity and its splendid capacity for fooling itself and others, Germany congratulated its ally for its splendid achievement over the Turk. German diplomats then thought it would be the last time Germany would eat such crow, but time has proven that the national stomach must be made ready for many more such dishes.
